REMARKS

25X1

On 11, 13, and 14 August 1955, it was observed that the evacuation had been started at Kagran military post. Lean-to roofs were demounted, AA gun emplacements were filled with earth and the barbed wire fence at the fuel depot was dismantled. There was little activity at the military post with the exception of the evacuation work mentioned. 25X1

Comment. The AAA unit which was previously stationed at Kagran has probably been stationed at Apetlon firing range for about a month. 25X1
